

Flame Resistance PVC Membrane Foil Wood Grain 1-5Color Printing High Strength

Our Product Introduction

for more products please visit us on realsundeco.com

Basic Information

- Place of Origin: Foshan, China
- Brand Name: Realsun Deco
- Minimum Order Quantity: 3000m/model
- Price: Negotiable
- Packaging Details: Pack in roll
- Delivery Time: 15-20 days
- Payment Terms: T/T 30% down payment, 70% balance before shipment
- Supply Ability: 500000m/month

Product Specification

- Printing: 1-5Color Printing
- MOQ: 2000-3000m/model
- Surface: Smooth, Embossed, Texture, Matte, Super Matte, Soft Touch, High Gloss
- Length: 100m-400m/roll
- Width: 1260mm/1400mm
- Usage: Lamination, Vacuum Membrane Press, Wrapping, Hot Pressetc.
- Packaging: Rolls
- Material: PVC
- Highlight: **PVC Membrane Foil Wood Grain ,
Flame Resistance PVC Membrane Foil,
printed pvc film Flame Resistance**

Product Description

Anti Flame PVC Vacuum Film With Wood Grain Design Printing Capability And Flame Resistant Property

Product Description:

The primary ingredient of our PVC foil is Polyvinyl Chloride (PVC), a strong, flexible synthetic plastic material with easy processing properties. With differences in color, texture, and patterns, PVC foil has a highly realistic appearance that is capable of imitating natural materials like wood, stone, metal, or cloth while also being economical. It is suitable for a wide array of surfaces such as walls, cabinets, furniture, and doors, and is a favorite pick for high-traffic areas due to its robust qualities. Once our PVC foil is installed, only minimal maintenance is needed, just weekly cleaning with a damp cloth. It furthermore is an excellent cost-shaving option when it comes to sophisticated aesthetics and provides a variety of styles and finishes for customization. Overall, decorative PVC foil is often used in home and commercial settings for wall paneling, furniture surfaces, retail displays, interior doors, and kitchen or bathroom cabinets.

Technical Parameters:

If you're looking for a specialized kind of vinyl film, then you've come to the right place. We offer a range of options, all expertly crafted out of superior quality material for exceptional results. The films come in a variety of thicknesses from 0.1 mm to 0.5mm and range in width from 1260mm to 1400mm. We also offer them in long rolls of anywhere from 100 to 400m depending on your specific needs. Additionally, we offer a range of unique designs, from wood grain and solid colors, to marble, brick effects and more. We also offer different surface treatments such as matt, super matt, embossed, high gloss, soft touch and more. If you need a custom design, our professional team also provide OEM and ODM services.

Applications:

The PVC film is packed in roll with wrapping foam sheet, kraft paper and plastic sheet. We can offer pallet packing for shipping by sea or air.

Different Process for different application:

1. Membrane Press (vacuum press): Thickness: 0.20-0.50mm, Width: 1260mm, 1400mm, Length: 100-300m/roll. Covering MDF, particleboard, wooden board, fiberboard, etc., for doors, kitchen cabinet, wardrobe, furniture, etc. Cover embossed board, cover five surfaces at same time.
2. Wrapping Profiles: Thickness: 0.12-0.18mm, Width: 40-1260mm, Length: 300-800m/roll. Covering all kinds of profiles including wood profile, aluminum profile, PVC profile, etc. for door frame, window sill, base channel, PVC ceiling and so on.
3. Cold Laminating: Thickness: 0.12-0.20mm, Width: 1240-1260mm, Length: 300-500m/roll. Covering all kinds of flat panels, such as wood panel, steel panel, aluminum panel, PVC panel, etc. for doors and furniture.
4. Hot Laminating: Thickness: 0.16-0.30mm, Width: 1260mm, Length: 200-300m/roll. Covering PVC panel, steel panel, aluminum panel for doors, skirting and so on.
5. Self-adhesive: Thickness: 0.10-0.20mm, Width: 600mm/1220mm, Length: 5-50m/roll. Can be put on any smooth surface for furniture and indoor decorations.

The PVC film is packed by roll with foam protection sheet, kraft paper head, and plastic sheet outside. Various packing way is adopted for shipping which can be customized for sea or air transport. Rolling packing is the norm so it takes less space and reduces the transportation cost. Moreover, pallet packing is also available for bulk shipping. Taking the shipping cost and convenience into consideration, the customer is allowed to choose the desirable way accordingly.

Customization:

PVC Membrane Foil

Brand Name: **Realsun Deco**

Place of Origin: **Foshan, China**

Minimum Order Quantity: **3000m/model**

Price: **Negotiable**

Packaging Details: **Pack in roll**
