- Highlight: **Outdoor Self Adhesive Vinyl 61cm,
Self Adhesive Vinyl Roll 61cm,
Outdoor Self Adhesive Vinyl Water Resisting**

Product Description

Product Description:

Self adhesive color vinyl is made of high quality, flexible PVC (polyvinyl chloride), which is known for its durability, flexibility, and weather resistance. Its adhesive backing allows it to stick to glass, metal, plastic, wood, and other substrates. It is available in a variety of colors, from solid colors, metallic finishes, and specialty finishes like matte and glossy, giving you creative freedom in customizing your projects. This type of vinyl can be cut using a cutting plotter or vinyl cutter, which cuts digital vector files into the vinyl material. Additionally, it can be applied to a range of surfaces, such as vehicle windows, signage, walls, banners, laptops, etc. The process of using it with a cutting plotter usually requires "weeding" the excess vinyl from the design, and making use of transfer tape for accurate application onto the desired surface – we even offer this transfer tape!

Technical Parameters:

If you are interested in our product, let me tell you the detailed specifications of it. Our product's thickness is 0.08mm, and its width can be 1220mm or 600mm. It's length is 50m/roll or 45m/roll. There are more than 30 colors available. Moreover, surface treatment for it can choose between matt and high gloss. Besides, we can provide OEM and ODM service for our customers.

Applications:

Self-adhesive color vinyl is a versatile material that can be used for various creative and practical applications. Its adhesive backing allows you to easily apply it to different surfaces. Here are some common uses for self-adhesive color vinyl:

Signage and Banners: Self-adhesive color vinyl is commonly used for creating signs and banners. You can cut it into letters, shapes, or graphics to design custom signs for businesses, events, or personal use.

Vehicle Graphics: Many businesses and individuals use self-adhesive vinyl to create vehicle graphics, including decals, wraps, and promotional messaging on cars, trucks, and even boats. It's an effective way to advertise and customize vehicles.

Wall Decals: You can make beautiful wall decals and graphics for homes, workplaces, and retail establishments with self-adhesive vinyl. It's a well-liked option for giving interior design a customized touch.

Window Graphics: Self-adhesive vinyl can be applied to windows for a variety of uses, such as privacy, advertising, and window displays. For one-way window graphics, perforated vinyl is frequently utilized.

Tailored Clothing: Custom designs can be made on garments and textiles using heat transfer vinyl (HTV), a kind of self-adhesive vinyl. Custom T-shirts, caps, and other clothing items are made with it rather frequently.

Craft Projects: Color vinyl that sticks to itself is frequently used in a variety of craft projects. It works well for making personalized labels, stickers, and other home decor products.

Promotional things: You can show logos, branding, or personalized messaging on promotional things like notebooks, water bottles, laptops, and phone cases by using vinyl stickers and decals.

Architectural Details: Vinyl film can be applied to surfaces such as doors, cabinets, and furniture to add ornamental features and to create faux finishes that mimic the appearance of wood or other materials.

Floor Graphics: Vinyl that sticks to itself can be used to make long-lasting floor graphics. These are frequently used at retail establishments and events to guide foot movement or advertise goods.

Safety and Wayfinding Signs: Self-adhesive vinyl is used to create safety signs, labels, and wayfinding signage in industrial settings, hospitals, schools, and public spaces.

Temporary and Seasonal Decor: Self-adhesive vinyl can be used to create temporary decorations for holidays, events, or themed parties. It's easy to apply and remove without damaging surfaces.

Sports Equipment: Some sports equipment, such as helmets and skateboards, can be customized with self-adhesive vinyl graphics to add personal style or branding.
