Custom PVC Decorative Film**

Product Description

Custom Design Pvc Door Foil Embossed Wood Grain Super Matt Surface 1260mm 1400mm

Product Description:

Material Composition: At the heart of our Pvc Door Foil lies the synthetic polymer Polyvinyl Chloride (PVC), chosen for its superior durability, elasticity, and ease of manufacturing. This makes the foil not only robust but also flexible and easy to work with for various applications.

Aesthetic Variety: Our selection includes an array of hues, designs, and finishes, enabling the Pvc Door Foil to effectively mimic the look of natural materials such as wood, stone, fabric, or metal. This provides a cost-effective solution to achieve a high-end aesthetic, making it an attractive alternative to pricier natural options.

Surface Compatibility: The versatility of our foil is exemplified by its compatibility with a multitude of surfaces. Be it wall coverings, door facings, cabinetry, or home furniture, our product adheres well and transforms spaces with its adaptable nature.

Enduring Quality: Realsun Deco Pvc Door Foil is synonymous with resilience and the ability to withstand wear and tear. Its enduring nature renders it an ideal choice for areas that experience heavy use, affirming its place as a durable decorative option.

Low Maintenance: Once installed, our Pvc Door Foil requires minimal upkeep. A simple wipe with a damp cloth weekly suffices to keep it looking pristine, offering a low-maintenance solution for both residential and commercial environments.

Cost-Effectiveness: Budget-friendly without compromising on style, our Pvc Door Foil presents an economical alternative to its natural counterparts. Effortlessly craft elegant spaces at a fraction of the cost with this innovative material.

Customizable Options: A wealth of styles and finishes are available from manufacturers, allowing for customization in line with specific project demands and personal design inclinations. This material's adaptability ensures that unique and individualistic designs are within reach.

Diverse Applications: The application of decorative Pvc Door Foil spans a wide range of uses. It excels in wall paneling, updates furniture surfaces, enhances retail displays, revitalizes interior doors, and is a go-to for kitchen and bathroom cabinetry. Its utilization is evident in both domestic and commercial settings, showcasing its multifaceted nature.

Features:

Product Name: Pvc Door Foil

Material: PVC

Width: 1260mm, 1400mm

Design: Wood Grain, Marble, Brick, Stone And So On

Thickness: 0.10mm-0.50mm

Length: 100m-400m

Keywords: pvc wood grain foil, pvc marble film

Applications:

Different Processes for Varied Applications

1. Membrane Press (Vacuum Press)

Specifications:

Thickness: 0.20-0.50mm

Width: 1260mm, 1400mm

Length: 100-300m/roll

Usage:

Ideal for overlaying on medium-density fibreboard (MDF), particleboard, wooden board, and fiberboard. Commonly used for doors, kitchen cabinets, wardrobes, and other furniture pieces. This process can simultaneously cover embossed boards, effectively covering five surfaces at once.

2. Wrapping Profiles

Specifications:

Thickness: 0.12-0.18mm

Width: 40-1260mm

Length: 300-800m/roll

Usage:

Versatile for wrapping various profiles, including wood, aluminum, and PVC profiles. Typically applied to door frames, window sills, base channels, PVC ceilings, and similar components.

3. Cold Laminating

Specifications:

Thickness: 0.12-0.20mm

Width: 1240-1260mm

Length: 300-500m/roll

Usage:

Suitable for covering a wide range of flat panels such as wood, steel, aluminum, and PVC panels. This method is ideal for enhancing the appearance of doors and furniture surfaces.

4. Hot Laminating

Specifications:

Thickness: 0.16-0.30mm

Width: 1260mm

Length: 200-300m/roll

Usage:

Apply this lamination process to PVC, steel, and aluminum panels for an improved finish on doors, skirting, and other related items.
5. Self-adhesive Film

Specifications:

Thickness: 0.10-0.20mm

Width: 600mm/1220mm

Length: 5-50m/roll

Usage:

This convenient adhesive film can adhere to any smooth surface, providing versatility for furniture and indoor design accents.

Customization:

Brand Name: Realsun Deco

Place of Origin: Foshan, China

Minimum Order Quantity: 3000m/model

Price: Negotiable

Packaging Details: Pack in roll

Delivery Time: 15-20 days

Payment Terms: T/T 30% down payment, 70% balance before shipment

Supply Ability: 500000m/month

Usage: Lamination, Wrapping Machine, Vacuum Membrane Press

Width: 1260mm, 1400mm

Feature: Non-toxic/ Anti-Flame/ Moisture-proof

Packing: Pack In Roll

Design: Wood Grain, Marble, Brick, Stone and so on

Keywords: PVC foil for wardrobe, PVC lamination foil, PVC foil for wardrobe
