Basic Information

- Place of Origin: China
- Brand Name: Realsun Deco
- Minimum Order Quantity: 3000m/color
- Price: Negotiable
- Packaging Details: Pack in roll
- Delivery Time: 20-25 days
- Payment Terms: T/T 30% down payment, 70% balance before shipment
- Supply Ability: 500000m/month

Product Specification

- Payment Term: T/T, L/C, Etc.
- Width: 1260mm/1400mm
- MOQ: 3000m/color
- Surface: Glossy, Matte, Embossed, Super Matte, Soft Touchetc.
- Feature: Waterproof, Anti Flame, Anti Scratch, Antibacterial , Etc.
- Packing: Roll Packing, Sheet Packing
- Length: 100-400m/roll
- Material: PVC
- Highlight: **Advanced PVC Furniture Film,
1260mm PVC Furniture Film,
1400mm PVC Furniture Film**

Product Description

Product Description:

Material

Our PVC foil is primarily composed of Polyvinyl Chloride (PVC). PVC is a synthetic plastic that is highly durable, flexible, and easy to process.

Appearance

We offer a vast selection of colors, patterns, and textures for our PVC foil. Unlike real materials like wood, stone, cloth, or metal, our foil can imitate their appearance at a more affordable price while maintaining a premium aesthetic.

Adaptability

Our PVC foil is adaptable to a wide range of surfaces, including walls, doors, cabinets, and furniture. It is effective on many surfaces and can be applied in various interior spaces.

Durability

Realsun Deco PVC foil is well known for its strength and resistance to deterioration. Its longevity makes it an ideal choice for high-traffic areas.

Maintenance

Once installed, our PVC foil requires minimal maintenance. It only needs to be wiped clean once a week with a wet cloth, making maintenance easy.

Economical

PVC decorative foil is an affordable alternative to natural materials, allowing for the creation of sophisticated aesthetics without the associated costs.

Modification

Manufacturers offer a wide variety of styles and finishes, making it easy to modify to meet project requirements and individual design preferences.

Application

Decorative PVC foil is frequently used for wall paneling, furniture surfaces, retail displays, interior doors, kitchen, and bathroom cabinets, and other uses in both home and commercial settings.

Features:

Product Name: PVC Furniture Film

Material: PVC

Payment Term: T/T, L/C, Etc.

Surface:

Glossy

Matte

Embossed

Super Matte

Soft Touch etc

Application:

Furniture

Door

Cabinet

Wall

Profile

Ceiling Etc.

Packing:

Roll Packing

Sheet Packing

The PVC Furniture Film is a type of **furniture decorative foil** that is made of high-quality PVC material. It is commonly used as a **pvc film for furniture** and a **pvc laminate film for furniture** to enhance the look and feel of various furniture pieces such as doors, cabinets, walls, profiles, ceilings, and more. The film comes in different surface finishes such as glossy, matte, embossed, super matte, and soft touch etc. and is available in roll and sheet packing options. Payment term options include T/T, L/C, and more.

Technical Parameters:

The thickness of our product ranges from 0.1mm to 0.5mm, providing you with a variety of options to suit your needs and preferences. Our width options include 1260mm and 1400mm, giving you flexibility in terms of the dimensions of your project. Our rolls come in lengths of 100-400m, ensuring that you have enough material to work with.

We offer a range of designs, including wood grain, solid color, marble, brick, and more. Our diverse selection ensures that you can find the perfect pattern to match your project's aesthetic.

Our products undergo various surface treatments, including matt, super matt, embossed, high gloss, and soft touch. These treatments add texture and depth to our products, providing a visually appealing finish.

We offer both OEM and ODM services, giving you the option to customize our products to your specific needs. Our team is dedicated to providing you with the highest quality service possible, ensuring that you are satisfied with the end result.

Applications:

Different Process for different application:

The process of membrane press, also known as vacuum press, involves a thickness range of 0.20-0.50mm, a width of 1260mm and 1400mm, and a length of 100-300m per roll. This technique involves covering MDF, particleboard, wooden board, fiberboard, etc., for doors, kitchen cabinets, wardrobes, furniture, etc., and also includes embossing boards, covering five surfaces at the same time. Wrapping profiles require a thickness range of 0.12-0.18mm, a width of 40-1260mm, and a length of 300-800m per roll. This technique covers all kinds of profiles, including wood, aluminum, PVC profile, etc., for door frames, window sills, base channels, PVC ceilings, and others.

Cold laminating includes a thickness range of 0.12-0.20mm, a width of 1240-1260mm, and a length of 300-500m per roll. This technique covers all kinds of flat panels, such as wood panel, steel panel, aluminum panel, PVC panel, etc., for doors and furniture.

Hot laminating requires a thickness range of 0.16-0.30mm, a width of 1260mm, and a length of 200-300m per roll to cover PVC panel, steel panel, aluminum panel, for doors, skirting, and other applications.

Self-adhesive is a process that requires a thickness range of 0.10-0.20mm, a width of 600mm/1220mm, and a length of 5-50m per roll. This process can be easily put on any smooth surface, making it ideal for furniture and indoor decorations.

Customization:

Support and Services:

Our PVC Furniture Film product comes with technical support and services to ensure that our customers have a seamless experience with the product. Our technical support team is available to answer any questions or concerns regarding the product's installation, maintenance, and repair. We also provide training and resources for our customers to better understand the product's capabilities and features.

In addition, we offer various services such as customization, design, and prototyping to cater to the specific needs of our customers. Our team of experts can provide guidance and recommendations on the best solutions for their unique requirements.

Overall, we are committed to providing exceptional technical support and services to ensure that our customers are satisfied with our PVC Furniture Film product.
