

Elegant Marble PVC Film For Versatile Wall Applications 400m / Roll

Our Product Introduction

Basic Information

- Place of Origin: Foshan, China
- Brand Name: Realsun Deco
- Minimum Order Quantity: 3000m/model
- Price: Negotiable
- Packaging Details: Pack in roll
- Delivery Time: 15-20 days
- Payment Terms: T/T 30% down payment, 70% balance before shipment
- Supply Ability: 500000m/month

Product Specification

- Product Name: Marble PVC Film
- Width: 1260mm, 1400mm
- Service: OEM, ODM
- Application: Furniture/ Cabinet/ Wall/ Ceiling/ Door
- Thickness: 0.10mm-0.5mm
- Length: 100-400m/roll
- Packing: Pack In Roll With Foam Sheet, Kraft Paper And Plastic Sheet
- MOQ: 3000m/model
- Highlight: **Versatile Wall Marble PVC Film,
Elegant Marble PVC Film,
Marble PVC Film for Furniture**

Product Description

Product Description:

Detail Description

Marble PVC film is a type of PVC decorative film that features a smooth, mirror-like shiny surface finish. This glossy appearance is achieved through specialized manufacturing processes and surface treatments.

Composition:

Like other PVC decorative films, high gloss PVC film is primarily composed of polyvinyl chloride (PVC) plastic. It may also contain additives such as plasticizers, stabilizers, and pigments to enhance its properties.

Applications:

Marble PVC film is commonly used for:

Furniture veneers and surface overlays

Cabinet and appliance door coverings

Wall coverings and decorative panels

Automotive and marine interior trims

Features and Benefits:

Extremely smooth, reflective high-gloss finish

Durable and scratch-resistant surface

Available in a variety of solid colors and patterns

Easy to clean and maintain

Can be thermoformed or vacuum formed for curved surfaces

Considerations:

Requires careful surface preparation for optimal adhesion

May be more susceptible to showing fingerprints and smudges compared to matte or satin finishes

Some high gloss PVC films may contain higher levels of volatile organic compounds (VOCs)

Overall, the high gloss surface of this PVC decorative film provides a sleek, modern, and reflective aesthetic, making it a popular choice for various interior design and surface finishing applications.

Applications:

The high gloss PVC decorative film is available in different thickness ranges, including 0.1 mm to 0.2 mm and 0.3 mm to 0.5 mm. The thinner range is suitable for furniture veneers, cabinet door overlays, or automotive trims where flexible and lightweight material is required. On the other hand, the slightly thicker range offers enhanced durability and rigidity, making it a preferred choice for wall coverings and decorative panels where higher scratch resistance is needed.

The selection of thickness depends on the intended application, and the desired balance between flexibility, strength, and ease of installation. Thinner high gloss PVC films (0.1 - 0.2 mm) are generally more pliable and better suited for wrapping or thermoforming around edges and corners. In contrast, thicker films (0.3 - 0.5 mm) offer more stability and protection and are ideal for flat, smooth surfaces like cabinet doors or large wall panels.

Choosing the right thickness level is crucial when selecting high gloss PVC decorative film to ensure that it meets the specific performance requirements of the intended application.

Customization:

Our products are manufactured in Foshan, China and have a minimum order quantity of 3000m/model. We offer negotiable prices and supply up to 500000m/month. Packaging is done in rolls and delivery takes 15-20 days. Payment terms are T/T with a 30% down payment and 70% balance before shipment.

The Marble PVC Film is versatile and can be applied to furniture, cabinets, walls, ceilings, and doors. Our MOQ is 3000m/model and we are happy to customize your order to suit your specific requirements.

Support and Services:

Our Marble PVC Film product is backed by our dedicated technical support and services team, who are available to assist with any questions or issues you may encounter. Our team is knowledgeable about the product and can provide guidance on installation, maintenance, and troubleshooting.

In addition, we offer a range of services to ensure that you get the most out of your Marble PVC Film. These services include product training, customization, and consulting. Our goal is to help you achieve optimal performance and efficiency with our product.
