Product Description

Product Description:

The High Gloss PVC Film is a versatile and durable material available in a wide range of vibrant colors such as White, Red, Blue, Green, Yellow, Black, Cream, and more. This colorful PVC film is perfect for adding a pop of color and style to various applications.

With its high gloss finish and smooth surface treatment, this glossy color PVC foil is ideal for use in lamination, vacuum membrane press, and wrapping processes. The rigid PVC film ensures excellent durability and longevity, making it a cost-effective solution for your projects.

Measuring either 1260mm or 1400mm in width, this High Gloss PVC Film is suitable for a variety of uses including furniture, kitchen cabinet, ceiling, and wall panel applications. Whether you are looking to enhance the aesthetic appeal of your furniture or create a striking feature wall, this versatile PVC film is the perfect choice.

Bring your design ideas to life with the vibrant colors and glossy finish of this High Gloss PVC Film. Its smooth surface treatment ensures a professional and sleek look, making it an excellent choice for both residential and commercial projects.

Upgrade your space with the durable and colorful PVC film that offers both style and functionality. Whether you are looking to refresh your furniture or create a statement piece, this high gloss PVC film is sure to meet your needs.

Applications:

Realsun Deco High Gloss PVC Film is a versatile product suitable for a wide range of application occasions and scenarios. With its glossy finish and durable properties, this glossy color PVC foil is perfect for various uses in different industries.

Commonly used in lamination, the High Gloss PVC Film from Realsun Deco can elevate the appearance of furniture, doors, cabinets, and other interior elements. Its smooth surface and high gloss make it an ideal choice for creating a luxurious and modern look.

For vacuum membrane press applications, this glossy color PVC foil provides excellent adhesion and can be easily molded to different shapes and surfaces. Its heat resistance of up to 120 °C ensures that the film maintains its quality even under high temperatures, making it a reliable option for various manufacturing processes.

When it comes to wrapping surfaces, the Realsun Deco High Gloss PVC Film offers exceptional performance. Its anti-scratch feature ensures that the surface remains pristine and free from damage, even in high-traffic areas. Additionally, its moisture-proof quality makes it suitable for environments where humidity is a concern.

Whether you are a furniture manufacturer, interior designer, or woodworking enthusiast, this high gloss PVC film is a must-have product in your arsenal. The non-toxic and anti-flame properties of the film make it a safe and reliable choice for various projects.

With Realsun Deco's OEM and ODM services, you can customize the glossy color PVC foil to meet your specific requirements. The minimum order quantity of 3000m/model ensures that you can access this premium product in bulk quantities, while the negotiable pricing and flexible payment terms make it a cost-effective solution for your business.

Originating from Foshan, China, Realsun Deco High Gloss PVC Film is packed in rolls for easy handling and transportation. With a supply ability of 500,000m per month and a delivery time of 15-20 days, you can rely on this product to meet your production needs in a timely manner.
