Product Description

Product Description:

The High Gloss PVC Film is a versatile and durable product that offers a glossy surface PVC sheet ideal for various applications. Made from high-quality PVC material, this glossy color PVC foil is designed to provide a non-toxic, anti-flame, moisture-proof, and anti-scratch surface for your projects.

Available in widths of 1260mm and 1400mm, this high gloss PVC film comes in a thickness range of 0.15mm to 0.5mm, offering flexibility and options to suit your specific needs. Whether you require a thin or thicker film, this product delivers excellent performance and durability.

With a wide range of colors to choose from including white, red, blue, green, yellow, black, cream, and more, you can select the perfect shade to complement your design aesthetic. The glossy surface of the PVC film enhances the vibrancy and richness of the colors, creating a stunning visual impact.

Manufactured from PVC material, this high gloss PVC film is not only aesthetically pleasing but also highly functional. The non-toxic properties ensure a safe and healthy environment, making it suitable for various applications including furniture, cabinets, doors, signage, and more.

In addition, the anti-flame attributes of the PVC film provide an added layer of safety, giving you peace of mind in case of fire hazards.

The moisture-proof feature protects the film from water damage, making it suitable for use in areas prone to humidity or moisture.

Furthermore, the anti-scratch surface of the PVC film ensures durability and longevity, maintaining its glossy finish even with regular use.

This makes it an excellent choice for high-traffic areas or applications where the surface may be subject to wear and tear.

Overall, the High Gloss PVC Film is a premium product that offers a glossy surface PVC sheet with outstanding features and benefits.

With its versatility, durability, and aesthetic appeal, this glossy color PVC foil is the perfect choice for your next project.

Applications:

When it comes to decorating and protecting surfaces with a touch of elegance, the High Gloss PVC Film by Realsun Deco is the ideal choice. This semi rigid PVC foil is designed to offer a glossy finish that enhances the visual appeal of various applications. Originating from Foshan, China, this product boasts a minimum order quantity of 3000m per model, making it suitable for both small and large projects.

The High Gloss PVC Film is a versatile material that can be used in a wide range of scenarios. Its glossy vinyl film surface treatment adds a sleek and modern touch, making it perfect for applications where aesthetics are a priority. Whether you are looking to revamp furniture, cabinets, doors, or other interior elements, this product delivers a high-quality finish that is sure to impress.

Thanks to its non-toxic, anti-flame, moisture-proof, and anti-scratch features, this PVC film offers durability and protection in various environments. The thickness of 0.15mm-0.5mm ensures a balance between flexibility and sturdiness, while the length options of 100m-400m cater to different project requirements.

With a supply ability of 500000m per month, Realsun Deco's High Gloss PVC Film is readily available to meet your demands. The packaging details include rolling the film for convenient transportation and storage. Moreover, the delivery time of 15-20 days ensures a prompt turnaround for your projects.

For convenience, the payment terms for this product involve a T/T 30% down payment and 70% balance before shipment. Additionally, the service options of OEM and ODM allow for customization to suit specific needs.
