Product Description

Product Description:

The PVC Decorative Film is a versatile and high-quality product suitable for a variety of applications in the furniture industry. Made from durable PVC material, this film is designed to enhance the appearance and durability of furniture, cabinets, doors, walls, ceilings, profiles, and more.

With a width option of 1260mm or 1400mm, the PVC Decorative Film offers flexibility in covering different sizes of surfaces. Whether you are working on a small cabinet or a large wall, this film can be easily applied to achieve a seamless and polished look.

Available in various surface finishes including glossy, matt, embossed, super matt, and soft touch, this product allows you to choose the perfect texture to complement your design aesthetic. The high gloss PVC film provides a sleek and modern appearance, while the soft touch PVC foil offers a luxurious and tactile feel.

With a thickness range of 0.10mm to 0.50mm, the PVC Decorative Film provides ample protection and coverage without adding unnecessary bulk. This makes it ideal for both decorative purposes and functional applications where durability is essential.

Whether you are looking to add a pop of color, a touch of sophistication, or a layer of protection to your furniture or interior surfaces, the PVC Decorative Film is the perfect solution. Its versatility, durability, and range of options make it a must-have for any furniture manufacturer, interior designer, or DIY enthusiast.
