## Product Description

### Product Description:

The PVC Decorative Film is a versatile and high-quality product designed for various applications such as furniture, cabinets, doors, walls, ceilings, profiles, and more. This soft touch PVC foil is a popular choice for adding a decorative touch to different surfaces. With a minimum order quantity of 3000m per model, this PVC decorative film is available in two different widths: 1260mm and 1400mm, providing flexibility for different project requirements. The length of the film ranges from 100m to 400m, offering ample coverage for your projects.

Made from durable and reliable PVC material, this decorative film is known for its exceptional quality and performance. Whether you are looking to enhance the look of furniture, cabinets, doors, or other surfaces, this PVC foil is an excellent choice.

One of the key applications of this PVC decorative film is for wardrobes. The soft touch PVC foil adds a stylish and elegant finish to wardrobe surfaces, transforming them into attractive pieces of furniture.

In addition to wardrobes, this PVC foil is also ideal for use on doors. The PVC door foil offers a practical and visually appealing solution for updating the look of doors, whether in residential or commercial settings.

Whether you are a furniture manufacturer, interior designer, or DIY enthusiast, this PVC decorative film provides a cost-effective and efficient way to elevate the appearance of various surfaces. Its versatility and ease of application make it a popular choice for a wide range of projects.
