## Product Description

### Product Description:

The PVC Decorative Film is a versatile and high-quality product designed to enhance and protect various surfaces. With a minimum order quantity (MOQ) of 3000m/model, this PVC Decorative Film is suitable for both residential and commercial applications.

Made from PVC material, this decorative film is known for its durability and flexibility. It is available in two widths, namely 1260mm and 1400mm, catering to different surface dimensions and requirements. The thickness of the film ranges from 0.10mm to 0.50mm, providing options for varying levels of protection and coverage.

One of the key features of this PVC Decorative Film is its non-toxic nature, making it safe for use in various environments. Additionally, the film is anti-flame, offering an extra layer of protection against fire hazards. Its moisture-proof properties make it ideal for areas prone to dampness or humidity.

Whether you are looking to enhance the appearance of furniture, doors, or other surfaces, this PVC Decorative Film is a reliable and cost-effective solution. The film is available in various designs and finishes, including pvc door foil, pvc wood grain foil, and soft touch pvc foil, allowing you to achieve the desired aesthetic for your space.

Due to its high-quality material and construction, this PVC Decorative Film offers long-lasting performance and durability. It is easy to install and maintain, providing a hassle-free solution for surface protection and enhancement.

Whether you are a homeowner, interior designer, furniture manufacturer, or contractor, this PVC Decorative Film is a versatile product that can meet your specific needs and requirements. Its wide range of features and design options make it a popular choice for various projects and applications.

Enhance the look and feel of your surfaces with the PVC Decorative Film, a reliable and versatile solution for all your decorative needs. With its non-toxic, anti-flame, and moisture-proof properties, this film offers both style and functionality, making it a valuable addition to any project or space.
