## Product Description

### Product Description:

Welcome to our PVC Decorative Film product summary! Our soft touch PVC foil is a versatile material that can be used for various applications such as furniture, cabinets, doors, walls, ceilings, profiles, and more.

With a minimum order quantity (MOQ) of 3000m per model, our high gloss PVC film is perfect for both small-scale and large-scale projects. Whether you are a furniture manufacturer, a cabinet maker, or a designer looking to add a touch of elegance to your space, our PVC decorative film is the ideal solution.

The surface of our PVC foil comes in various finishes to suit your design preferences. You can choose from glossy, matt, embossed, super matt, or soft touch surfaces, allowing you to create the perfect look for your project. The soft touch PVC foil, in particular, offers a luxurious feel that adds a sophisticated touch to any surface it covers.

Made from PVC material, our decorative film is not only aesthetically pleasing but also practical. It is non-toxic, making it safe for use in indoor environments. Additionally, it is anti-flame, providing an extra layer of safety and protection. The moisture-proof feature ensures that our PVC foil is durable and long-lasting, even in humid conditions.

Whether you are looking to enhance the look of your wardrobe with our PVC foil for wardrobe applications or add a high gloss finish to your furniture pieces, our PVC decorative film is the perfect choice. Its versatility, durability, and aesthetic appeal make it a popular choice among designers, manufacturers, and homeowners alike.

Experience the luxury of soft touch PVC foil, the practicality of PVC material, and the elegance of high gloss PVC film all in one product. Transform your space with our PVC decorative film and create a stunning look that will impress for years to come.

### Applications:

One of the primary application occasions for the Realsun Deco PVC Decorative Film is in the furniture industry. The high gloss PVC film is perfect for adding a luxurious and modern finish to furniture pieces. Whether it's used on cabinets, tables, or shelves, the high gloss surface adds a touch of elegance and sophistication to any furniture design.

Another ideal scenario for this product is in interior design projects. The PVC Decorative Film can be used to create decorative wall panels, doors, and other interior elements. The versatility of the product, with options like embossed and soft-touch surfaces, allows for creative and unique design possibilities in residential and commercial spaces.

For manufacturers in the construction industry, the Realsun Deco PVC Decorative Film offers a cost-effective solution for enhancing the appearance of building materials. The film can be applied to surfaces like doors, window frames, and skirting boards to achieve a high-end look without the need for expensive materials.

With a minimum order quantity of 3000m/model, customers can easily access this high gloss PVC film for their projects. The negotiable pricing and flexible payment terms make it a convenient choice for businesses of all sizes. The packaging in rolls ensures safe transportation and easy handling, while the fast delivery time of 15-20 days allows for efficient project planning.

Overall, Realsun Deco's PVC Decorative Film is a reliable and stylish solution for various product application occasions and scenarios. Whether it's for furniture, interior design, or construction projects, this product offers quality, versatility, and aesthetic appeal.
