## Product Description

### Product Description:

The PVC Decorative Film is a versatile product that is widely used in the furniture industry for applications such as Furniture, Cabinet, Door, Wall, Ceiling, Profile, and more. This PVC membrane for furniture is a high-quality solution for enhancing the appearance and durability of various surfaces.

With a minimum order quantity (MOQ) of 3000m/model, this PVC Decorative Film is suitable for both small-scale and large-scale projects. The product is available in a range of surface finishes including Glossy, Matt, Embossed, Super Matt, and Soft Touch, allowing for customization based on specific design preferences.

Manufactured with a thickness ranging from 0.10mm to 0.50mm, this PVC lamination foil provides excellent protection and aesthetic appeal to surfaces. The film is available in two width options, 1260mm and 1400mm, to accommodate different application requirements. Whether you are looking to revamp your furniture, cabinets, doors, walls, ceilings, or profiles, this PVC Decorative Film offers a durable and cost-effective solution. The versatility of this PVC lamination foil makes it a popular choice among designers, manufacturers, and contractors in the furniture industry.
