Product Description

Product Description:

Introducing our premium PVC Decorative Film, a versatile solution for enhancing the aesthetics and functionality of various surfaces. Available in a range of surface finishes including Glossy, Matt, Embossed, Super Matt, and Soft Touch, this high gloss PVC film offers exceptional quality and durability.

With a thickness ranging from 0.10mm to 0.50mm, our PVC Decorative Film is suitable for a wide range of applications. Whether you are looking to elevate the look of furniture, cabinets, doors, walls, ceilings, profiles, or other surfaces, this product delivers outstanding performance.

The PVC Decorative Film comes in two standard widths of 1260mm and 1400mm, providing flexibility and convenience for different project requirements. Its versatility makes it a perfect choice for various interior design and renovation projects.

One of the key features of our PVC Decorative Film is its non-toxic composition, ensuring a safe and healthy environment. Additionally, the film is designed to be anti-flame, offering an added layer of protection in case of fire incidents. Its moisture-proof properties make it ideal for areas prone to humidity and moisture exposure.

Whether you are looking to create a modern and sleek finish with a high gloss PVC film or add a touch of elegance with a PVC marble film, our PVC Decorative Film is the perfect choice. Its versatility, durability, and aesthetic appeal make it a popular option for architects, interior designers, and furniture manufacturers.

Enhance your space with our PVC Decorative Film and experience the transformation it brings to your surfaces. With its quality construction, easy installation, and maintenance, this product is a cost-effective solution for achieving a sophisticated look in any setting.
