Product Description

Product Description:

The PVC Decorative Film is a versatile and durable material that offers a wide range of applications for various industries. With a minimum order quantity of 3000m per model, this product is ideal for both small-scale and large-scale projects.

Measuring between 100m to 400m in length, the PVC Decorative Film provides ample coverage for different surface areas. Its thickness ranges from 0.10mm to 0.50mm, ensuring a strong and reliable material for your projects.

Made from high-quality PVC material, this decorative film is known for its exceptional durability and flexibility. The PVC material ensures longevity and resistance to wear and tear, making it a cost-effective choice for long-term use.

The PVC Decorative Film is available in various surface finishes to suit different aesthetic preferences and functional needs. Choose from options such as glossy, matt, embossed, super matt, and soft touch to achieve the desired look and feel for your project.

Whether you need a high gloss PVC film for a sleek and modern finish, a PVC vacuum press film for efficient application, or a PVC membrane foil for added protection, this product offers versatility and quality performance.

Enhance the visual appeal of your surfaces with the PVC Decorative Film, which can be easily applied to a variety of substrates. Whether you are working on furniture, interior design elements, or other surfaces, this film provides a quick and effective way to transform the look of your project.

With its versatility and durability, the PVC Decorative Film is a reliable choice for architects, designers, and manufacturers looking to enhance their products with a high-quality finish. Its easy application process and long-lasting performance make it a popular choice for a wide range of projects.

Invest in the PVC Decorative Film today and experience the benefits of a premium material that combines style, durability, and functionality. Whether you are looking to add a touch of elegance to your interiors or protect surfaces from daily wear and tear, this product offers a solution that meets your needs.
