## Product Description

### Product Description:

The PVC Decorative Film is a versatile and high-quality product designed to enhance the aesthetic appeal of various surfaces such as furniture, cabinets, doors, walls, ceilings, profiles, and more. With a thickness ranging from 0.10mm to 0.50mm, this PVC marble film offers durability and flexibility for a wide range of applications.

One of the key features of this soft-touch PVC foil is its non-toxic composition, ensuring a safe and healthy environment for consumers. Additionally, the film is designed to be anti-flame, providing an extra layer of protection in case of fire hazards. Its moisture-proof properties make it ideal for use in areas prone to dampness or humidity.

With a minimum order quantity (MOQ) of 3000m per model, customers can easily procure the right amount of PVC foil for their specific needs. The film is available in lengths ranging from 100m to 400m, offering flexibility in usage and accommodating projects of various sizes.

Whether you are looking to revamp your furniture, update your cabinets, add a decorative touch to your doors, or transform your walls and ceilings, this PVC foil for wardrobe is the perfect solution. Its versatility and aesthetic appeal make it a popular choice among interior designers, furniture manufacturers, and DIY enthusiasts alike.
