Product Description

Product Description:

The PVC Decorative Film is a versatile product used for various applications such as furniture, laminating, and more. With a length range from 100m to 400m, this PVC membrane is suitable for different project sizes and requirements.

Available in two width options of 1260mm and 1400mm, the PVC Decorative Film offers flexibility in usage and compatibility with different surfaces. The surface finish options include Glossy, Matt, Embossed, Super Matt, and Soft Touch, providing a range of aesthetic choices for different design needs.

With a minimum order quantity of 3000m per model, this PVC lamination foil is ideal for bulk and commercial orders, ensuring consistent quality and supply for large-scale projects.

The PVC Decorative Film comes in various thicknesses ranging from 0.10mm to 0.50mm, offering durability and strength for different applications. Whether it's for protecting furniture surfaces or adding a decorative touch, this PVC marble film provides a reliable and cost-effective solution.

Whether you are looking to enhance the appearance of furniture, cabinets, doors, or other surfaces, the PVC Decorative Film is a practical choice. Its versatility, durability, and range of surface finishes make it a popular option for interior designers, furniture manufacturers, and decorators.

Transform ordinary surfaces into stunning works of art with the PVC Decorative Film. The glossy finish adds a touch of elegance, while the embossed surface creates depth and texture. For a modern and sleek look, the super matt option is ideal, while the soft-touch surface provides a luxurious feel.

Designed to meet various design preferences and project requirements, the PVC Decorative Film is a reliable choice for both residential and commercial applications. Its easy application process and long-lasting performance make it a preferred material for interior designers and decorators.

Enhance the visual appeal of your space with the PVC Decorative Film. Whether you are renovating existing furniture or creating new pieces, this PVC membrane offers endless design possibilities. The range of widths, lengths, and surface finishes ensure that you can find the perfect fit for your project.

Invest in quality and style with the PVC Decorative Film. This PVC lamination foil not only protects surfaces but also adds a touch of sophistication to any space. With its durable construction and customizable options, it is the perfect choice for those looking to elevate their interior design.

Upgrade your furniture and surfaces with the PVC Decorative Film. Whether you prefer a classic marble look or a modern matte finish, this PVC membrane offers a wide range of design options to suit your style. Its versatility and durability make it a popular choice for both residential and commercial projects.
