Product Description

Product Description:

The PVC Decorative Film is a versatile and high-quality product designed to enhance the aesthetics of various surfaces. This PVC membrane for furniture is a durable and cost-effective solution for adding a decorative finish to furniture, doors, cabinets, and other interior elements. The PVC Decorative Film, also known as pvc vacuum press film or soft touch pvc foil, offers a seamless and stylish way to upgrade the look of your living or working spaces.

With a Minimum Order Quantity (MOQ) of 3000 meters per model, the PVC Decorative Film is available in two width options: 1260mm and 1400mm. This wide range of widths ensures that the film can be easily applied to different sizes of surfaces, providing flexibility and convenience for various projects.

Made from high-quality PVC material, this decorative film offers durability and longevity, making it a reliable choice for long-term use. The thickness of the PVC Decorative Film ranges from 0.10mm to 0.50mm, providing options for different levels of protection and coverage for the underlying surfaces.

Additionally, the PVC Decorative Film comes in lengths ranging from 100 meters to 400 meters, allowing for efficient and seamless application without frequent interruptions for refills. This generous length range ensures that the film can cover large surface areas with ease, making it suitable for both small-scale and large-scale projects.

Whether you are a furniture manufacturer, interior designer, or DIY enthusiast, the PVC Decorative Film offers a convenient and effective way to transform and revitalize various surfaces. Its versatility, durability, and ease of application make it an ideal choice for adding a decorative touch to furniture, doors, cabinets, and more.
