Product Description

Product Description:

The PVC Decorative Film is a versatile and high-quality product that is ideal for various applications. Made from PVC, this lamination foil offers a durable and reliable solution for enhancing the appearance of surfaces. With a length range of 100m to 400m, this PVC film provides flexibility in usage and can cater to different project requirements. The thickness options available, ranging from 0.10mm to 0.50mm, ensure that you can find the perfect fit for your specific needs. One of the key features of this PVC film is its surface finish options, which include glossy, matt, embossed, super matt, and soft touch. Whether you prefer a sleek and shiny look or a more subtle texture, this product offers a range of choices to suit your preferences. When it comes to minimum order quantity (MOQ), this PVC decorative film requires 3000m/model, making it suitable for both small-scale and large-scale projects. This ensures that you can easily access this high gloss PVC film for your various applications. Whether you are looking for a high gloss PVC film, PVC lamination foil, or soft touch PVC foil, this PVC Decorative Film is a reliable and efficient solution. Its durable material, versatile length and thickness options, diverse surface finishes, and reasonable MOQ make it a practical choice for a wide range of projects.
