Product Description

Product Description:

A PVC Decorative Film is a versatile material that can be used for various applications such as furniture, cabinets, doors, walls, ceilings, profiles, and more. This PVC foil is designed to enhance the appearance of surfaces by providing a decorative and protective layer.

The MOQ (Minimum Order Quantity) for this PVC Decorative Film is 3000 meters per model, making it suitable for both small and large-scale projects. With a length ranging from 100 meters to 400 meters, this film offers flexibility in usage and can be tailored to suit different requirements.

Available in widths of 1260mm and 1400mm, this PVC Decorative Film can cater to different surface dimensions, making it a practical choice for various applications. The thickness of the film ranges from 0.10mm to 0.50mm, providing durability and strength to the surface it covers.

When it comes to applications, this PVC foil is ideal for use in wardrobes, doors, and cabinets. The decorative film can transform the look of furniture pieces, giving them a fresh and modern appearance. It can also be used on walls and ceilings to create unique and stylish interiors. Additionally, the film can be applied to profiles, adding a decorative touch to various surfaces.

Whether you are looking to revamp your wardrobe with a new design, upgrade your cabinet doors, or add a decorative element to your walls and ceilings, this PVC Decorative Film offers a practical and cost-effective solution. Its versatility and ease of application make it a popular choice among designers, manufacturers, and DIY enthusiasts.

In conclusion, the PVC Decorative Film is a versatile and durable material that can be used for a wide range of applications. With its MOQ of 3000 meters per model, length options of 100m to 400m, widths of 1260mm and 1400mm, and thickness ranging from 0.10mm to 0.50mm, this film offers flexibility and customization options to suit various project requirements. Whether you are in need of pvc foil for wardrobe, pvc door foil, or pvc door foil, this decorative film is a practical choice for enhancing the appearance of furniture, cabinets, doors, walls, ceilings, profiles, and more.
